

At Young Dance Academy we use age as a guideline to help determine appropriate placement of our students. However, we do not keep any student in a class that is clearly not his or her level. Many changes are made during the first few weeks of class to properly group students in the best classes to suit each and everyone of them individually! The following schedule is listed by day, time, type of dance and teacher. Most classes are one hour in length. Those classes marked with an asterisk(*) are 1½ hours in length and double asterisks(**) are 2 hours in length. The classes highlighted are based on the knowledge we have of the dancer. There may be several classes highlighted. Please do not hesitate to ask questions about the age and level of each class. One class may be more suitable for an individual than another. We give several options to make schedule planning more convenient for families. If no classes are highlighted, we need more information such as birthdate and dance experience, if any. Note that there are ages listed for our regular classes, but no class level. Age is not strictly adhered to in all classes and you may inquire as to the level of dancers in a particular class. Dancers must be placed in a class by one of our staff. Do not highlight classes of your own choosing. Please remember to bring your highlighted schedule to registration. If you do not have your schedule with you the director must approve all class choices! Note: COMBO classes are combination jazz/ballet classes that are available for students age 6 and under. **Shaded boxes represent classes that are part of our TECHNIQUE INTENSIVE PROGRAM. Placement in the Technique Intensive Program is by audition only.**

Please call us for schedule information or any other questions at 414-768-9876.
